

ITS Ranked Among Top 501 Global Managed Service Providers by Channel Futures

11th Annual MSP 501 Identifies World's Most Forward-Thinking MSPs & Leading Trends in Managed Services

SIMI VALLEY, Calif. ([PRWEB](#)) July 05, 2018 -- [ITS – Integrated Telemanagement Services, Inc.](#) ranks among the world's 501 most strategic and innovative managed service providers (MSPs), according to Channel Futures 11th-annual MSP 501 Worldwide Company Rankings.

The MSP 501 is the first, largest and most comprehensive ranking of managed service providers worldwide. This year Channel Futures received a record number of submissions. Applications poured in from Europe, Asia, South America and beyond.

As it has for the last three years, Channel Futures teamed with Clarity Channel Advisors to evaluate these progressive and forward-leaning companies. MSPs were ranked according to our unique methodology, which recognizes that not all revenue streams are created equal. We weighted revenue figures according to how well the applicant's business strategy anticipates trends in the fast-evolving channel ecosystem.

"We are so pleased to be recognized in on the MSP 501 List!" said Sharon L. Woods, President & CEO of ITS. "Being included on a list with the other 'Most Forwarding-Thinking MSPs in the World' is quite an honor and something we have worked really hard to achieve. It is a testimony to the hard work of the ITS team and our laser focus on providing our clients peace of mind, allowing them to focus on their business while trusting ITS to manage and look after their technology."

Channel Futures is pleased to honor ITS – Integrated Telemanagement Services, Inc.

For the first time, Channel Futures will also name 10 special award winners, including MSP of the Year, CEO of the Year and one Lifetime Achievement Award for a career of excellence in the channel.

The MSP 501 winners and award recipients will be recognized at a special ceremony at [Channel Partners Evolution](#), held this year October 9-12 in Philadelphia, as well as in the Fall issue of Channel Partners Magazine.

"This year's applicant pool was the largest and most diverse in the history of the survey, and our winners represent the health and progressivity of the managed services market," says Kris Blackmon, Channel Futures content director and editor of the MSP 501. "They're growing their revenue, expanding their customer influence and exploring new technology that will propel them for years to come."

The full MSP 501 report, available this fall, will leverage applicant responses, interviews and historical data to identify business and technology trends in the IT channel. Highlights will include:

- Revenue growth and business models
- Hiring trends and workforce dynamics
- Business strategies
- Service deliverables

- Business tools and automation investments

The complete 2018 MSP 501 list is available at [Channel Futures](#).

Background

The 2018 MSP 501 list is based on data collected by Channel Futures and its sister site, Channel Partners. Data was collected online from Feb. 28 through May 31, 2018. The MSP 501 list recognizes top managed service providers based on metrics including recurring revenue, growth and other factors.

About [ITS – Integrated Telemanagement Services, Inc.](#)

ITS is more than just a typical Managed IT Service Provider. Since 1990 ITS has been providing small and medium-sized businesses technology solutions, services and support that help organizations achieve more growth and greater success. Our proactive approach to support not only simplifies technology but also means less hassle, less downtime and simplified systems that enable businesses to streamline processes and communication, for an enhanced user experience. ITS is a small business and it is this which we believe gives us our distinct advantage. Our size enables us to be agile, flexible, and proactive - which means we have the ability to adapt business models rapidly and efficiently when required. We quickly react to problems and changes in the business environment or technology and provide fast solutions.
